Skills

Programming
- Java
- C++
- C
- JavaScript
- Python

Frontend
- HTML
- CSS
- React.js
- Tailwind CSS

Backend
- Node.js
- Express.js

Databases
- MongoDB
- PostgreSQL
- MS SQL

About Me

I am a Computer Science student interested in web development and software engineering. I enjoy building full-stack applications and learning new technologies. I like creating clean, simple and user-friendly software.

Education

Bachelor of Computer Science

COMSATS University, Lahore

2024 - 2028 (Expected)

CGPA: 3.50 / 4

HSSC

Kinnaird College For Women

2022 - 2024

Marks: 1056 / 1200 (88%)

SSC

Allied School, Lahore

2020 - 2022

Marks: 1067 / 1100 (97%)

Projects

JobForge

Distributed Job Scheduling and Monitoring System

React, Node.js, Express.js, MongoDB, WebSocket, Tailwind CSS

- Built a job scheduling system with workers, priority queues and real-time job tracking.
- Created REST APIs and added authentication and user roles.
- Improved job execution speed by 30%.

View JobForge on GitHub

ScamSense

Deceptive Pattern Detection Browser Extension

React, Vite, Tailwind CSS, Framer Motion, ShadCN, Python

- Built a browser extension interface for detecting suspicious patterns on web pages.
- Created an interactive interface using React.
- Connected the frontend with a Python machine learning API.

Leadership & Activities

Chief Strategist

MLSA (Microsoft Learn Student Ambassador)

May 2026 - Present

- Helped organize workshops and hackathons for students.
- Helped students learn about cloud computing, AI and low-code development.
- Worked on outreach activities to increase student participation.

Deputy Director - Pixel Pioneer

ACM

September 2026 - Present

- Worked as a graphics designer for Pixel Pioneer and helped create visual content for ACM activities.
- Designed posters, social media posts and promotional graphics for university events.
- Worked with the team to maintain a consistent visual style for events and student activities.
